Who We Are

At Elerinmosa Resource Hub Limited, we provide numerous services targeted at improving the Digital literacy of the youths, adults and development of our human resources. Thus, our services such as, ICT training, Corporate Training and Computer Based Test facilities had been strategically designed to equip and empower our vibrant youths, adult, teachers in schools and other corporate entities. This indeed would facilitate efficiency and desired result in our society and educational system.

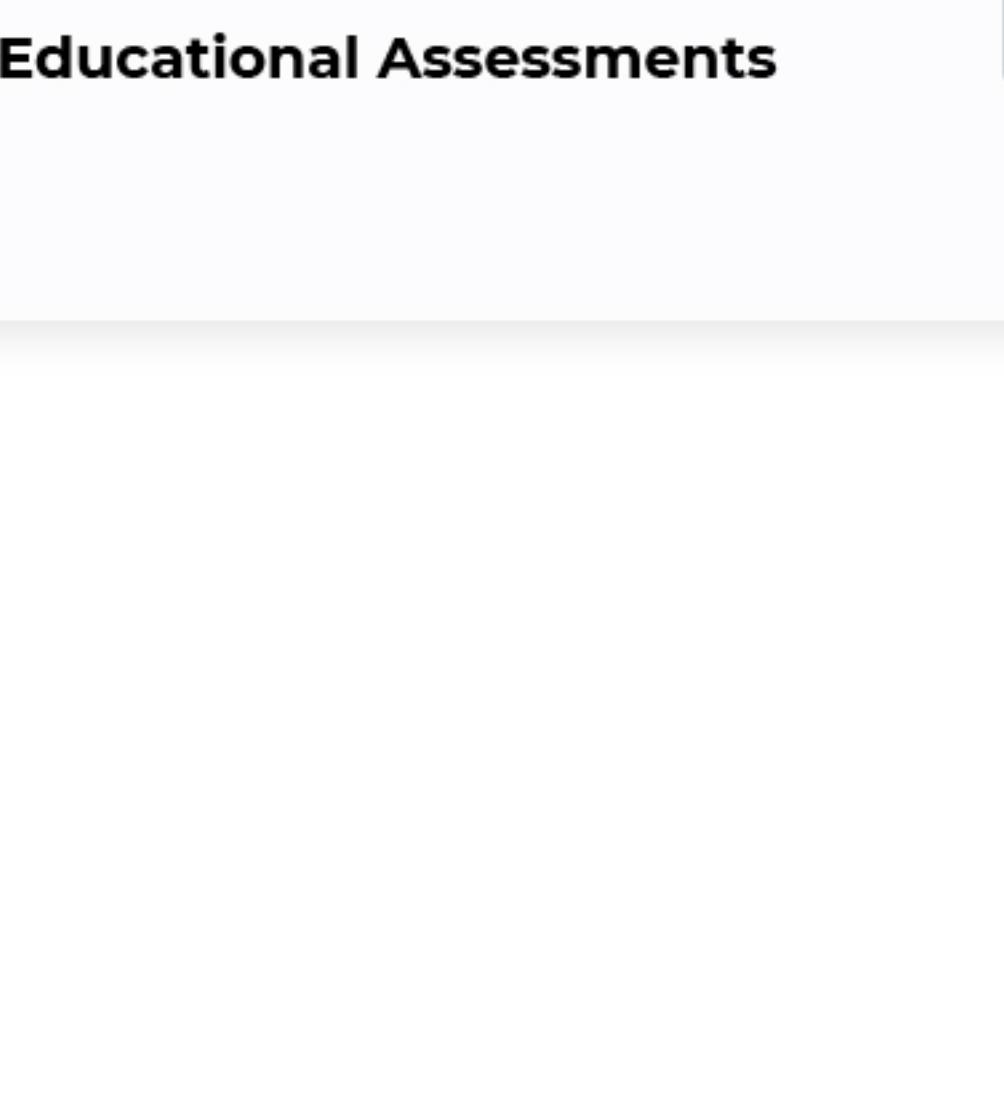

The resource Centre is equipped with numerous facilities that can be utilized for several purposes. Some of which includes Seminars, Conferences, Training, Workshop and Examination. It has a computer hall of 300+ capacity alongside a 150+ capacity seminar room. Both halls are fully air conditioned and was used in the 2018 Jamb examination.

We are committed to provide high quality services tailored towards our clients' needs. A team of dedicated, reliable and dependable professionals whose sole objectives are to ensure an excellent delivery of the services to your organization will be at your disposal.
